Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-21 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Dougherty (5539624).

Dougherty shows the fiber optic cable 47 and light goes outward from the refueling hose, see figure 7.

1. Claims 22-23,26,29,30,33,36,47,48,52 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Strasser et al (6257750).

See col 3 lines 35+.

Claim Rejections - 35 USC § 103

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 22-52 are rejected under 35 U.S.C. 103(a) as being unpatentable over Dougherty (5539624) in view of Strasser et al (6257750) and Newman (4633376).

Art Unit: 3644

It would have been obvious to one having ordinary skill in the art at the time the invention was made to provide the hose of Dougherty with additions illumination means such as electrolum., phosphor, chemilum., ultraviolet, all of which are well known means for illumination of devices as shown by Strasser et al and Newman.

Drawings

This application has been filed with informal drawings which are acceptable for examination purposes only. However Formal drawings are required with a response to this office action.

1. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
